

MAINAU ISLAND 2023

GROUP OFFERS AND FURTHER HIGHLIGHTS

A WARM WELCOME TO THE MAINAU FLOWER ISLAND!

Come and enjoy our gardens and the countryside, for Mainau provides fascinating views and insights, wishing to surprise you again and again.

While on a tour of our island, forget about the hectic pace of everyday life. Enjoy the abundance of blossoms changing with the seasons, with thousands of tulips, hundreds of rhododendrons, fragrant roses, shrubs and colourful dahlias, and also the arboretum with its majestic sequoia trees, which dates back over 150 years.

Our father Lennart Count Bernadotte was the son of Prince William of Sweden and of Maria Pawlowna, Grand Duchess of Russia. He transformed the former castle park of his great-grandfather, Frederick I, Grand Duke of Baden, into a paradise of plants and opened it to the public.

In the fifth generation of our family now, we also want to continue giving new impetus for enjoyment of nature to our visitors from all over the world. You are most welcome on Mainau Island in these eventful times to pause and enjoy some relaxation.

A GEM OF A CASTLE AND GARDEN BLISS THE MAINAU FLOWER YEAR 2023

Two anniversaries at the same time referring to the long and eventful history of Mainau Island are the focal points of this year's flower year.

In 1746, the architect Johann Caspar Bagnato handed the completed Mainau Castle over to the Lords of the Castle of the Teutonic Order. One of the Baroque highlights in Southwest Germany stood on the site of a former medieval castle from that point onwards. Due to the pandemic, the 275th anniversary of the castle had to be postponed and is now finally being celebrated.

The Teutonic Order also plays a decisive role in the second anniversary, which the flower island in Lake Constance celebrates this year as the Mainau Teutonic Order site was founded 750 years ago. Over the centuries, the island has developed into one of the wealthiest sites of the Alsace-Burgundy Province of the Teutonic Order. In addition to Mainau Castle, St. Mary castle church and the Comturey Tower at the port are among the buildings which bear witness to the time of the Teutonic Order.

The motto "Gem of a Castle and Garden Bliss" combines the vivid history of the island with enraptured garden delight and is already reflected in creative plantings and installations in the second year for example. Also, the Mainau chefs trace the historic pathways and indulge their guests with opulent meals.

We are looking forward to your visit!

THE BEST OF MAINAU

MAINAU ISLAND – EXPERIENCE THE FOUR SEASONS

We provide you with history, botany and things worth knowing about Mainau Island and give you an insight into the work of the Bernadotte Family of Counts during a tour of great variety round the island.

A GEM OF A CASTLE AND GARDEN BLISS

A GUIDED TOUR OF THE MOTTO OF THE YEAR

For more than 275 years, the Baroque castle has been the centrepiece of Mainau Island. Erected by the knights of the Teutonic Order, it is now a magnificent backdrop for a great variety of events and festivities. Learn things worth knowing about the castle and its castle church during this tour round the park and listen to the anecdotes about the many encounters which have taken place at Mainau Castle over the years. For this, we show you installations and plantings which the Mainau gardeners have created appropriately for the motto of the year: "A Gem of a Castle and Garden Bliss". After the guided tour, you are welcome to explore those rooms of the castle that are open to the public on the ground floor on your own initiative: the coat of arms room with changing exhibitions, the castle boutique or the castle café, where you can enjoy delicious cakes and coffee specialities.

NATURE MEETS ART

BRONZE, MARBLE & STEEL IN HARMONY WITH ROSES & OLD TREES

Approximately 30 sculptures adorn the park of Mainau on a permanent basis: The four seasons in marble guard, the roses in the historic rose garden near the castle. The fisherwoman from Lake Constance hides on the lakeside path under old alders. And the steel sculpture "Relationship" close to the dahlia garden by Thomas Röthel seems to be hovering above the lake. Join in on a journey of discovery of Mainau's more or less hidden treasures of art near the castle, in the church and everywhere in the park and the gardens.

GREEN PRINCES BY LAKE CONSTANCE – THE MAINAU OVER THE COURSE OF TIME

GO FOR A VOYAGE IN TIME IN THE FOOTSTEPS OF PRINCE NICHOLAS ESTERHÁZY AND PRINCE LOUIS NAPOLÉON

Experience exceptional details from the time at the beginning of the 19th century, when Mainau was still owned by the Austro-Hungarian Prince Nicholas Esterházy. He did not only transform the island after the period of the Teutonic Order but shaped the region of Western Lake Constance in collaboration with Prince Louis Napoléon, the future French emperor. In close co-operation with the Napoleon Museum Arenenberg, we bring the work of the green princes to life for you by means of various historic perspectives in the Mainau park.

DIE MAINAU THE 2023 HIGHLIGHTS

ORCHID EXHIBITION

END OF MARCH UNTIL THE BEGINNING OF MAY

Every year from March to May, the Orchid Exhibition in the palm tree house – which is one of the most significant ones in Europe – signifies the brilliant start of the flower year.

TULIPS AND SPRING BLOOM

END OF MARCH UNTIL THE BEGINNING OF MAY

The Mainau gardeners plant more than 400 different tulip varieties in the flower beds and meadow areas annually. In the meadows on the southern flank alone thousands of spring flowers bloom every year.

EASTER

15TH TO 18TH APRIL

Over the Easter holidays, a bright spring blossom in the park and a varied Easter offer for the whole family await you on Mainau Flower Island, as well as attractions such as the Orchid Exhibition in the palm tree house or the “Spring Dreams” exhibition in the coat of arms room in Mainau Castle.

ROSE BLOSSOM

JUNE TO SEPTEMBER

The queen of flowers presents itself in more than 1,000 varieties along the promenade of wild roses and bush roses as well as in the Italian rose garden.

MIDSUMMER FESTIVAL

24TH JUNE

The origins of the Bernadotte Family of Counts are in Sweden. At the Swedish traditional Midsummer Festival, you can vividly experience the cheerfulness and zest for life, which our neighbours from the far north are renowned for, on the forecourt of the Rothaus lakeside terraces right by the lake.

THE MUSICAL NIGHTS OF MAINAU

26TH JULY TO 6TH AUGUST

In summer 2023, everything will be under the motto of musical, rock music, pop music and hits. In addition to the successful programme “Mamma Mia meets Udo Jürgens”, new versions of the concert highlights “Let’s Rock” and “The Great Night of Hits” are also planned. This year you can also look forward to experiencing a summer with great open-air concerts, fantastic soloists, a top-class live band and many surprises.

DAHLIA BLOSSOM

END OF AUGUST UNTIL OCTOBER

12,000 dahlias in more than 270 varieties unleash true floral fireworks by announcing autumn in a colourful way.

COMITAL CASTLE FESTIVAL

29TH SEPTEMBER TO 3RD OCTOBER

The Comital Castle Festival is a popular highlight on the autumnal flower island, for which the Bernadotte Family of Counts traditionally opens the doors of the Mainau Baroque Castle, built in the 18th century. Explore the areas of the castle which are otherwise not open to the public during the exhibition days and be enchanted by Baroque splendour and stock up with the specialities of the exhibitors.
